## Diner Bros - Taco Amigos Campaign Free Download [March-2022]

The first 1.5 months were a dull and painful experience. The game was under-powered, we had a very technical problem and we lost a lot of our fans, as well as many of our supporters. But, about the middle of August, things started looking up. It felt like we had grown as a team, we got our 3rd (!) member on board and the whole team had a new lease of life. And the games just started to come. The first month, the Games was a complete mess. But, after that, everything took off. The next month was just pure bliss. You start the month with only two playable levels and add in more as the month goes on. The last week of the month is dedicated to a **HUGE AMAZING GAME BY A NEW COMPANY: Sprint Quest**. Our Splash Jumper game by now is just about complete. We've just added in the levels for June and now it's the time for all the other levels to be added in. Also, about a week later, we release our first

DLC, which we call our 'Fusion' pack. At the end of the month, we released our ARG. It ended with the guys making a contest to put out a re-done version of the game which we'd worked on over the past 6 months. Splash Jumper: Challenge Mode - Scoring Goals: The summer month was huge for our SPLASH jumper game. But, it's also a little bit smaller than last month, because we added in only 6 new levels, instead of 11. But, we did something a little extra with the game. We added in the 'Challenge' mode. At the end of each month, we have a massive challenge for everyone to play. The challenge will be split into three parts. Each part of the challenge will be 3 levels. All the levels are unlocked in the current day's release of the game. The first level (the second part of the challenge) is called 'Challenge'. This is our biggest challenge. This is the hardest thing we have added to the game. In each level of this challenge, you will not score any points at all. The goal is to play through all three levels and

earn as many points as possible. The second level (the second part of the challenge) is called 'Game' and it is a standard 'clicker' game. This is
