- Full screen for best performance.
- Windows 2000, Windows XP, Windows 7 or later.
- Requires a CD drive for installation.

Users review From

the very beginning, for my first experience with screensavers, I had to try this one. I really like the fact that my computer screen fills with fish tanks. I can configure the screensaver to run for a given amount of time or to be run on certain screens. It is very easy to access. From the very beginning, for my first experience with screensavers, I had to try this one. I really like the fact that my computer screen fills with fish tanks.
