Lekar Hum Deewana Dil Watch Online Free Download.Q: What to do after I was "introduced" to Christianity by a (non-Christian) professor? I was in the 8th grade. My chemistry teacher was a non-Christian. Not being very knowledgeable about religion, I really took for granted what he told me in class and I also believed what the Bible said. In hindsight, I feel that the teachings he taught about Jesus were very misleading, and that even more so, because he was a non-Christian, he was taking advantage of the fact that I wasn't very knowledgeable about religion. Some other classmates also commented to me that the way my teacher taught religion was very weird, and somehow suspect to them. After graduating high school, I was taking college courses. Most of these courses were science-based, and my class was required to take a religion class as well. Because I was already in college, I was already having to choose between the two classes, and because I like logic and science, I chose the science course. (somehow, I really wanted to finish it).
